

puertas
UNiARTE

La madera se compra y se clasifica para cada plan de producción semanal buscando la armonía entre sus tonos. Las partidas proceden de troncos diferentes, y por su naturaleza, presentan características diferentes incluso en el mismo tronco, que mediante un sistema de clasificación tratamos de homogeneizar para cada plan de producción. Las variaciones de tonalidad no pueden considerarse defecto del producto ya que son propias de las auténticas maderas naturales utilizadas en la fabricación.

EXIGE ORIGINALES NO ACEPTES IMITACIONES

Durante el proceso de producción y una vez pasados todos los controles de calidad, **UNIARTE introduce un sello en el canto macizo de la puerta como garantía de autenticidad.** Siempre tendrá la máxima garantía y tranquilidad al adquirir un producto original **UNIARTE.**

***INSIST ON ORIGINALS
THERE IS NO NEED
TO ACCEPT IMITATIONS***

You can be sure it is an original **UNIARTE.** because **each door carries our logo on the door edge.** Would you buy a quality car that does not proclaim the brand?
